## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on February 16, 2006 has been entered.

### ***Specification***

2. The receipt of the amendment dated February 16, 2006 of the application 10/810,726, including an amendment to the specification, is acknowledged. It is agreed that the amended terms in the specification better correspond to the invention as described in the remaining portions of the specification and in the drawings.

### ***Priority***

3. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

### ***Allowable Subject Matter***

4. Claims 1-4 are allowed.

5. The following is an examiner's statement of reasons for allowance:

No reference nor combination of references was found which teaches a hydraulic transmission apparatus with a lockup clutch including a pump impeller, a turbine runner, a clutch piston dividing a clutch chamber into inner and outer fluid chambers, and a lockup control unit for generating a pressure difference between the inner and outer fluid chambers to move the piston using a pump driven by an engine, wherein a resilient member is disposed between the clutch piston and turbine runner for biasing the clutch piston in a forward direction, a backward movement stopping unit restricts a predetermined backward position of the clutch piston to put a frictional engagement unit in a cut-off state, and the clutch piston is held at the predetermined backward position when the engine is in an idle state.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
